FIVE CENTS THE COPY

## DISARMING ON LAND IS ISSUE UP WEDNESDAY

Delegates of Powers To Go  
Into First Big Session on  
This Subject.

BRIAND WILL LEAVE

America Asked To Prepare  
For Conference Soon  
Upon Economics.

(By the Associated Press)  
WASHINGTON, Nov. 23.—The delegates of the five powers discussed land armaments today but no definite declaration of policy resulted from their deliberations. None of the powers, it was understood, presented any proposition looking forward to a concrete and pronounced support of the French attitude towards armament reduction as outlined to the full conference in plenary session Monday by Premier Briand.

The deliberations lead the delegates into a consideration of specific problems of land armaments and it was decided to appoint subcommittees to deal with such subjects as airplanes, poisonous gases, and other auxiliary means of warfare. Premier Briand, attending his last meeting of the armament group before his departure for France, made a brief presentation of the exact position of his government, and there was a general discussion along the line of that presentation in which the powers expressed general appreciation of the French position.

After the two and one-half hour session was over the French premier, despite failure to make a joint declaration of policy, expressed general satisfaction with the direction the discussion had taken. It was indicated by the French delegates that M. Briand would return to France confident that his nation's attitude had the sympathetic understanding of other national groups and that France had nothing to fear from subsequent negotiations on land armaments.

Heads of the delegations of the five powers agreed to meet later in the day to form the subcommittees and to consider duties of the subcommittees.

(By the Associated Press.)  
WASHINGTON, Nov. 23.—The delegates of the five powers went into their first executive conference on land armaments today with the French group hoping that the negotiations would be pressed to the point of formal expression of some character before the departure of Premier Briand for France.

Just what direction such an expression could take at the present stage of the conference was uncertain even in the minds of the French themselves as they took their places at the table preparing to shape the details of their program. The premier would like to take home with him a definite declaration of the powers' support of France in her desire not to weaken materially her army, but it was recognized that important obstacles might lie in the way of so formal a pledge.

**Submarine Probed.**  
To the naval armaments committee, of which Rear Admiral W. L. Rodgers is chairman, was assigned the general topic of the American reduction plan, with instructions to report particularly in regard to the submarine question and the proposal for a naval holiday. In making its recommendations the subcommittee is expected to take into consideration the suggestion of Great Britain for a reduction in the submarine quota or the American plan for limitation of the size of submarines and their legitimacy as a weapon of warfare.

The Far Eastern question will be examined by the subcommittee appointed for that purpose with a view to making recommendations particularly with regard to China and to the principles agreed to by the powers Monday. Representative Stephen G. Porter, of Pennsylvania, is chairman of this subcommittee.

**Opinion is Complicated.**  
The subcommittee on general information is expected to canvass public sentiment on the general work of the conference including the proposal to reduce submarine strength and the American suggestions for a naval holiday. The subcommittee has organized a staff to compile editorial opinion and to furnish a digest of recommendations that come from the general public in various other ways.

**AMERICA IS URGED TO  
CALL ECONOMIC MEETING**  
WASHINGTON, Nov. 23.—Pressure upon the American government to call an international economic conference is being continued. It was said today in high official circles. The administration, however, at present is disinclined to take such a step.

## MAYOR SETS OUT TOMORROW AS A DAY OF THANKS

Business Houses Will Close  
Doors Tonight Until  
Friday Morning.

DAY TO BE QUIET ONE

Churches Announce Plans  
For Services Thursday;  
Some Combine.

When Ada business houses close their doors late this afternoon, for the most of them it will be until Friday morning. The city will be quiet Thanksgiving.

Schools, banks, county and city offices and industries of the city will observe a holiday Thursday. Practically all churches will unite in a general Thanksgiving service at the Methodist church at 7:30 tomorrow night. Individual services have been announced by the Episcopal and the Christian Science churches for Thursday morning.

Calling upon the entire city to give itself over tomorrow to a day of rest and genuine appreciation for the blessings of peace and progress that have been showered upon the city during the past year, Mayor Gary Kitchens this morning issued the following proclamation:

"Whereas, in accordance with the beautiful and time honored custom which originated with the early settlers of this country, the President of the United States has designated Thursday, November 24, 1921, as a day of public Thanksgiving and has issued a proclamation declaring that day to be a legal holiday in the United States, and

"Whereas, during the past year, while many nations of the earth have been upon the verge of ruin, God has, in his infinite mercy and goodness, peculiarly blessed the nation and preserved to us the many material and spiritual blessings which we daily enjoy, and

"Whereas, it is our duty as a Christian nation to recognize Him as the source from which all our blessings come, now

"Therefore, I, as Mayor of the City of Ada, proclaim Thursday, November 24, 1921, a legal holiday for the City of Ada, and earnestly request that the citizens of this city properly observe this day as one of Thanksgiving to Almighty God.

"Gary Kitchens, Mayor."

**Prayer Meeting Called.**  
The regular prayer meeting service will be held tonight at the First Baptist church and it will be in the form of a prayer and praise service. We will have expressions from those present as to what they are thankful for.

**Let us have a good attendance and make it a fine service. Do not fail to attend the Union Thanksgiving service Thursday evening at the Methodist church.—C. C. Morris, pastor.**

**Marriage License.**  
Robert Young, 19, Roff, and Miss Anna May Sloan, 20, Wynnewood.

**HAMBONE'S MEDITATIONS**  
MISS LUCY SAY SHE JES' KNOW AN KIN EAT MO'N ENNY-BODY SHE EVUH SEED, EN AN' SPEC' DAT SO, CEP'N, AH AIN' NEVUH HAD DAT MUCH SOT BEFO' ME!!

**Okla. Weather.**  
Tonight partly cloudy; warmer; Thursday cloudy and unsettled.

On the 24th Day of November 1621 our Pilgrim Forefathers gathered together in Prayer and Thanksgiving for the many Blessings received and the Plentiful Harvests gathered in the Past Year.....

## WINTER HERALDS HOT CHECK ARMY

Attempts To Get Money By  
Fraud Are Described by  
Ada Merchants.

"Hot times are in store for hot check writers," according to a statement made today by J. E. Williams, secretary of the Merchants' Credit Bureau of this city. This announcement came as a result of a series of attempts recently by hot check writers to secure goods and money in various schemes.

As fast as authorities manage to get on to a plan for securing money by hot checks, the writers think of new ways, according to declarations made by local merchants. So many attempts are being made daily now to pass checks of no value that merchants in many instances will not accept paper unless it is positively proven that it is good.

Some individuals have been caught after they succeeded in "getting by" with various frauds and merchants are now more strongly favoring the idea that a few prosecutions are better for stopping this than merely catching the guilty party and making him pay the check, or refund the money obtained fraudulently. A case is now pending against one woman from out of town who passed five checks in Ada, drawing from her father's account.

According to information given out by the secretary today, these checks were given by the woman, who said she was allowed by her father to draw on the account. The name was withheld, however, as no definite steps have been taken against her. Communications to the woman's father, it was learned, were intercepted and answered by her. Thus no proof was obtained. It was later found from the bank, however, that the checks were given in an attempt to get money by fraud, as the woman had no permission to draw on the account.

**Plans Are Numerous.**  
Hundreds of plans have been adopted by hot check writers to get money. No two have ever been tried by the same person in the same store, although it has often been the case that after successfully passing a check in one store, the same thing is tried in another, thus giving a good opportunity for the party to obtain considerable money and goods. The writer then leaves town and no trace of him can be found. The only remedy for this is in the power of the merchants themselves, it is said. They must refuse such checks to keep down fraud.

One instance of a boy who tried twice to get money by giving checks on his father's account was mentioned, although the name was withheld. The boy's father was notified and his amateurish attempts at getting "easy money" were nipped in the bud. The approaching winter has acted as a stimulus for the activities of hot check writers who depend on this method for a living, it is believed by merchants.

**KANSAS WINTER RECORD  
BROKEN OVER NIGHT**

(By the Associated Press)  
SALINA, Kan., Nov. 23.—Winter records were broken here last night, a temperature of five degrees above zero being recorded. Snow flurries began this morning.

## Herrick Faces Big Suit From Beauty Contestant

NEW YORK, Nov. 23.—Supreme Court Justice Mullan has just signed an order appointing Mrs. Elizabeth Neibel of New York as guardian of her daughter, Anna Elizabeth, to bring suit against Congressman Manuel Herrick of Oklahoma for \$50,000 for breach of promise.

Her attorney, Oscar L. Meyerson, lawyer for Miss Neibel, said that she was 18 years old and had a good claim against the congressman. Miss Neibel has previously declared that while she was one of the leaders in a beauty contest conducted by a Washington newspaper while she lived there, Congressman Herrick called on her and told her he was rich and that if she married him she wouldn't have to work. She was one of the 48 contestants to whom Congressman Herrick is alleged to have written letters recommending himself as one who had led a blameless life and who before eight years would "ascend to the highest office in the land and would carry the woman of his choice up with him." His letters concluded: "Would you like to meet a gentleman caller?"

Congressman Herrick contended later that his only purpose in writing the "questionnaires" was to gather material for a bill he introduced later to put a stop to beauty contests in newspapers on the ground that they brought innocent young girls into the limelight and subjected them to temptations. He said he intended to submit the answers to his letters to the Judiciary Committee of the house of representatives when it considered his bill.

Miss Neibel said that Congressman Herrick told her he had remained single because the only woman he ever loved married another man. She said he told her: "I long for companionship and want to get a wife. I have only an adopted sister and two clerks for close friends. Won't we be happy?"

Congressman Herrick's alleged attentions to Miss Elizabeth Shorey, another contestant, caused her mother to ask the Washington police to keep him away from her daughter.

Congressman Herrick, who hails from Perry, Okla., where he owns a ranch, is a new member of the house. He has sued two newspapers for libel because of articles concerning his "questionnaires."

**MAN CONFESSES  
KILLING WOMAN**

**Cord Used to Choke Young  
Mother Found in Pocket  
of Suspect.**

(By the Associated Press)  
CHICAGO, Nov. 23.—Thomas Catherwood, arrested yesterday charged with the murder of his sister-in-law, Mrs. Betty S. Sharpless, 22, confessed early today, according to the police. Robbery was the motive ascribed by the police.

Mrs. Sharpless was found strangled by her husband when he returned from work. By her side was her baby in his crib.

A short while later the police arrested Catherwood on suspicion. A fiber cord was found in his pocket, in the knots of which, according to police, were long black hairs similar to Mrs. Sharpless'.

Catherwood told police that the Sharpless family had moved here from Springfield, Ill., his own home, about a year ago.

He said, according to the police, that he had gone to the Sharpless home to visit when he saw the money and it occurred to him that he could strangle Mrs. Sharpless and steal it without suspicion resting on him.

The police who arrested Catherwood said that when he was taken into custody he was in a barber shop joking with his brother.

Following his confession he took a tobacco can from his pocket, emptied the tobacco and took from it the stolen money.

J. J. Copeland of Center was after business matter in Ada today.

**RAINFALL MAKES  
GROUND IN GOOD  
SHAPE TO PLOW**

(By the Associated Press)  
OKLAHOMA CITY, Nov. 23.—Rain that fell during the week ending November 22 put the ground in the south central and eastern portion of the state in shape for plowing and benefitted growing wheat, according to the weekly synopsis of weather and crop conditions in Oklahoma issued here this morning at the government weather bureau.

Rainfall in this portion of the state was reported as moderate to heavy, and as light scattered showers in the north central and western portions.

Harvesting of corn and grain sorghum was about completed during the week, the summary says. Little cotton is reported as remaining in the fields.

The ground is still very dry in the north central and western portions of the state and wheat needs rain badly, the report says. Wheat is declared to have made little growth in those sections with the condition of the crop deteriorating in most sections.

**PRESIDENT SIGNS MEASURE  
AGAINST MEDICINAL BEER**  
(By the Associated Press)

WASHINGTON, Nov. 23.—The anti-medical beer bill was signed by President Harding this morning. Signature of the bill on which congressional action was completed last Friday automatically closed the gap in the national prohibition law revealed last March by Attorney General Palmer in an opinion that there was nothing in the Volstead act to preclude the prescription of beer as medicine.

Prohibition in congress soon after publishing of Mr. Palmer's statement in the bill, but in a somewhat changed form, was today made a law of the land.

"Barry Pain" has written a burlesque on Margot Asquith's diary which he calls "Marge-Asquith."

## ONLY PROPERTY HOLDERS COUNT

Tax Payers Alone To Ballot  
On Bond Issue December  
6, Official Declares.

Only property owners who have paid their taxes within the past twelve months are entitled to vote in the \$880,000 county and township road bond election December 6.

This opinion, announced yesterday by Randall S. Cobb, assistant attorney general in charge of bond matters for the state, cleared up one point for Pontotoc county election officials who are now completing preparations for the coming election with this ruling in mind. Cobb's statement came in answer to a request from members of the citizen's advisory committee of Oklahoma county who requested a ruling on this in connection with a bond election which will be held there November 26.

"It is preferable that a taxpayer take his tax receipt to the polls, but the tax receipt is only proof that he has paid taxes and in the absence of the receipt, such other valid proof as will show that he has paid the taxes will entitle the voter to cast his ballot," Cobb's statement said.

The assistant attorney general declared he was of the opinion that a man who did not own taxable property at the time of the last assessment but recently acquired such property is not eligible to vote on the bond issue.

Saturday will be the last opportunity voters have to register for the bond election, according to T. O. Cullins, county registrar, who has opened books in every precinct of the county. Registration books were opened last Thursday and the period for enrollment of new voters lasts ten days. With Thanksgiving falling in this week causing an unavoidable interruption in the registration period, precinct registrars are insisting that all persons who are not regularly enrolled get names on the rolls at once. This applies only to property owners who have changed their precinct, who have recently moved into the county, or who have only lately become of age.

**MODERATE WEATHER IS  
PREDICTION IN STATE**

OKLAHOMA CITY, Nov. 23.—Moderate weather for several days, with no indication of rain at present, is expected for Oklahoma, it was announced at the weather bureau here this morning. Temperatures tonight will range between 32 and 40 degrees over the state, it was predicted.

The minimum temperature here this morning was 29 degrees.

There has recently sprung up a regular trade in ivory found in the floors of ice and glacier moraines north of the Yukon river, said to come from the remains of mastodons.

To move a ton of corn over one line from Fort Worth to Dallas now costs more than it did seven years ago to move the same commodity from Amarillo to Beaumont over two or more lines.

In times of peace, be peaceful.

## NEW TRIAL FOR RODDIE BOOKED TO OPEN DEC. 5

Interest in Murder Case  
Made Intense by Promi-  
nence of Families.

NEW JUDGE WILL SIT

Attorney Granted a Second  
Hearing By Criminal  
Court of Appeals.

Subpoenas have been issued for the new trial of Reuben M. Roddie, local attorney charged with murder in connection with the killing several years ago on the streets of Ada of Percy Barton, a soldier. The hearing is scheduled to open in district court Monday, December 5 before a special judge.

Announcement of arrangements for the new trial reopens interest in a case that probably attracted more widespread attention and interest over the state than any other here in recent years. After a fight that has extended over a period of three years, Roddie has been granted another hearing by the criminal court of appeals and will seek during the special December term of court to overthrow his old conviction on a manslaughter charge.

County Attorney Wayne Wadlington, in making preparations today for the trial, said he expected it to last a week. Roddie was sentenced to 10 years on his conviction of manslaughter. It is not yet known what judge will sit in the hearing. The charge on which Roddie was convicted and upon which he will again face a jury early in December grew out of a series of strange circumstances that are said to have started with a side-bar quarrel in the court room here between Roddie and C. O. Barton, father of Percy Barton.

**Was State Senator.**  
Interest in the case is intensified on account of the prominence of all the parties involved. For two terms Roddie was state senator from this district and was instrumental in getting through much of the legislation now on the statute books of this state. He was instrumental in having located at Ada, the East Central Normal, which has later become the East Central Teachers' College. He was a personal friend of former Governor Haskell and was considered Haskell's spokesman in the senate when the first governor after statehood and was at the head of state affairs. Among the important laws which Roddie took the lead in getting enacted are the state guaranty law and the insurance laws.

Judge C. O. Barton, father of the victim of the shooting, has been a prominent figure in Oklahoma for many years. He at one time was county judge here and has been one of the prominent attorneys for a long time. Mrs. Barton, mother of the dead man, has played a prominent part in the educational and social life of the city. The father and mother still live in the northwest part of the city.

**Barton Reared Here.**  
Young Barton, who at the time of his death was in the service of his country, was reared in Ada. He attended the public schools and the Normal and expected to be admitted to the bar as soon as his service in the army had terminated. For some time he had read law and was preparing himself for career in the profession of his father. He was making a good record in the army when he was suddenly taken away.

The only other case that will come up on the criminal docket of the district court in December is that of Emmett Bales charged with assault with attempt to kill. This is set for December 12, a week after the opening of the Roddie trial. Bales is alleged to have shot John Hall and to have shot at another man at Tulsa about a year ago. This case was continued over from the October criminal docket.

**ARBUCKLE JURY  
TAKEN TO ROOM  
OF PAJAMA ORGY**

SAN FRANCISCO, Nov. 23.—The jury of Roscoe C. (Fatty) Arbuckle, today was scheduled to visit the hotel St. Francis suite where the film comedian, host at a party last Labor Day, is alleged to have inflicted injuries on Miss Virginia Rappe, screen actress, which caused her death several days later.

Court attaches and attorneys were to accompany the jury, composed of both men and women.

High lights of the proceeding in Judge Louderback's court yesterday when the prosecution closed with testimony concerning finger prints on a door, declared to have been made in a struggle between Arbuckle and Miss Rappe, were the assertion by a hotel maid that she heard a woman screaming in the suite, and the exclusion of evidence of a detective who had declared Miss Rappe made a statement to him favorable to the defendant.

## BIBLE THOUGHT FOR TODAY

GOD IS GRACIOUS:—Thou art a God ready to pardon, gracious and merciful, slow to anger, and of great kindness.—Nehemiah 9: 17.

## SINK 'EM.

In February, 1917, Germany, with her back to the wall, threw her whole future on the submarine, forcing America into the war and her own defeat. Had it not been for the submarine, the war would have ended without America's ever having become involved.

Submarines can never be used as carriers of commerce. They are slow at the best and dangerous at all times. They are war vessels and nothing else. They proved the ruin of Germany. They will prove the ruin of any other nation that builds them in any great quantity. Germany imagined she had a weapon the Allies could not counteract, but she was mistaken. Every discovery of science which has ever been used in war has been a victim of other discoveries.

The submarine, therefore, cannot be defended on any ground except as armament. The British delegates in Washington could well afford to insist upon the complete destruction of all submarines instead of insisting upon more than are called for in the Hughes program. Aeroplanes can be used in peace. Battleships are in the open and fight fairly. But submarines are like the pistol in the pocket of the assassin. They should be annihilated and no nation permitted to build them. Only a few slow crafts for scientific investigation at the bottom of the ocean should be possessed by any nation or any individuals.

The submarine is a criminal. There should be no offspring.

We do not hear anything more about the blessings it was said the emergency tariff act would confer on the farmers by imposing high duties on imports of foreign farm products. Prices are a good many shades lower than they were when the act was passed. The fact is that this country exports immense quantities of farm products and imports nothing worth mentioning, and certainly not enough to come in competition with the products of American farmers, hence the tariff could not affect prices one way or the other. The idea was that perhaps prices would advance, in which event the Republicans would in the next campaign take credit for it through their tariff act. Now that they missed their guess and prices have gone steadily downward they will have to admit that the tariff is not a cure-all of business troubles in America, and this particular act was nothing but a piece of political buncombe designed to fool the farmers.

Charles M. Schwab spoke like a patriot when he declared that he is ready to close down forever the great armament plant in connection with the Bethlehem steel works any time it will help promote world peace. While admitting that for a time he and other big steel producers would feel keenly the losses resulting from such a step, he wisely contends that this is a small matter when weighed in the balance against the peace of the world and that eventually industries of peace will consume as much steel as is now devoted to armament purposes. If any one could be expected to raise an objection to the disarmament program it is the man who is manufacturing steel for warships, the contractor for these ships and the guns and munition maker. With Schwab taking such a decided stand the chances of opposition are greatly diminished.

The death of men like E. E. Matthews is a distinct loss to the Southwest. Whether in the lodge room, in the school room or in the marts of trade, this pioneer in this section was always ready to render a public service. Big hearted and hospitable, he made friends frequently and held them for all time. His worth was attested by the great crowds which sorrowfully accompanied the body to the last resting place in the cemetery at Roff. The county needs more men like E. E. Matthews.

A time for paying up has been set from December 1 to December 10. The year is growing to a close, and the Christmas and New Year holidays will be more enjoyable if those who have been putting off payments on accounts will get them out of the way. Pay up campaigns have proved successful in other towns, and what other towns have done Ada can do.

Graveled streets can be seen in all parts of the city. A block here and another there are useful, but the blocks should be connected. Hundreds of men with teams are glad to haul gravel at moderate prices and the work can be done now probably cheaper than it can be done again in a long time.

Ada is not to have a football game Thursday. This is the first Turkey day in many years when the citizens have not been able to witness a contest of brain and brawn. Let us hope it will be the last.

## The Forum of the Press

Thanksgiving.  
(Kansas City Journal)

The beautiful custom of setting aside a day of rest, religious observance and thanksgiving to Almighty Providence is mainly an American institution dating back to the earliest settlement of the country. The hardy pioneers who were first beginning the work of redeeming a vast country from a wilderness, most of them deeply religious, places of worship and give thanks to Almighty God that they had been spared their lives, health and strength to wrest from the forest and fields such stores as would provide against need through the rigors of winter.

Thanksgiving became a social as well as a religious occasion. Indeed, all religious gatherings bringing the whole people together are at the best of everything very natural. The best of everything was partaken of on the day to more fittingly attest the heart's gratitude for blessings bestowed.

It later became the custom for the president of the United States and governors of the states to issue proclamations designating a day of Thanksgiving and enjoining its proper observance. Accordingly, President Harding and all the governors of the states have set aside Thursday, November 24.

We may be thankful that our country lately helped to bring to a successful issue a war such as the world never saw before. In spite of the disorganization and depression in business such a conflict necessarily entails, our own land is a land of abundance and to spare. We are now at peace with all the world and America is generously bestowing of her abundance on widowed and orphaned countries of the Near East and on the famine-stricken peoples of the Far East.

In keeping faith with those who died that liberty might live, our president has initiated a move assembling the representatives of all the great powers of earth in our capital in an earnest endeavor not only to lighten the burdens of mankind, but to make peace enduring. The prayers and thanksgiving of many millions of people are being voiced for the full success of this great nation.

The readers of the Journal may be thankful that they enjoy in the main homes of refinement, education and Christian environment; a land of churches, schools, religious toleration and political liberty.

The season has been one of generous production, and want of temporal blessings such as food, raiment and shelter is almost unknown in our fair land, and for these things we should also give thanks.

It Comes Close to Home.  
(New York Times)

Another humor, related to, though not of the Washington conference, is to be found in one of the London dispatches. A member of Parliament told some inquiring reporters that there were too many Admirals and Generals standing ready with advice at the elbows of the delegates. All these, the M. P. said, should be sent home and in their places should be the unfortunate and harassed Chancellors of the European Exchequers. To expect to get help toward Generals, he said, was like asking bookmakers how to suppress horse racing.

There is a gleam of almost human intelligence in that. It is easy to believe that military men of either sea or land—unless close to the age of retirement—view with something of disapproval proposals, if not too close to their careers, at least to ruin their chances for promotion.

With a good deal of excuse, they regard navies and armies with respect as well as affection, and it would be more than hard for any Admiral to think of the scrapping of a new ship without pain somewhere around the heart.

## WOMEN GIVE OUT

Housework is hard enough when healthy. Every Ada woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this Ada woman's experience.

Mrs. Emma Rice, 307 E. 9th St., says: "I am certainly glad to recommend Doan's Kidney Pills for they have done me a world of good. About a year ago, my back was so lame that I couldn't get out of bed; in fact, I couldn't even turn over or help myself in any way. I got so nervous I couldn't bear to have anyone make the least noise. The pains in my back and sides were awful and the doctor said I had kidney trouble. The medicine I took brought me no relief. However, I finally began using Doan's Kidney Pills. Doan's helped me from the very first and I continued to get better. In a short time I was up and around, doing my work without trouble. That is what Doan's Kidney did for me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Rice had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv.)

## HARDING LOOKS OVER RECORDS FOR PARDONS

(By the Associated Press)

WASHINGTON, Nov. 22.—President Harding soon will begin a study of the records of all persons convicted of war time offenses with a view of extending pardons.

The subject of pardons for violators of war laws was considered at today's meeting of the cabinet and afterwards, it was learned, a policy of extending a fairly general amnesty to all such offenders was approved.

Do you want to buy meat or eggs or butter direct from the farm? Find a farmer to supply you by advertising in the Ada Weekly News. They all read it.

## 10,000 Bale Slump In Ginning Figures Is Shown in Report

Cotton ginned in Pontotoc county, from the 1921 crop, up to and including November 9, according to a recent report of the Bureau of Census, Department of Commerce, amounted to 3,262 as compared with 13,536 bales for the same period last year. This is for running bales and counts round, as half bales. Linters are not included.

Pontotoc county, although well down the list of counties in the state for ginning statistics, stands up well in comparison with others, when statistics for the two years

are considered. Carter, Hughes, Garvin, Pottawatomie and Pittsburg have all felt heavy decrease in comparative ginning statistics. In 1920, 475,478 bales were ginned in the state, up to November 9. This year the number has been 435,638.

A three year old girl recently was lost in Dallas, but was finally returned to her home after police took her over the city in a car until she pointed out the house where she lived.

"Your dog is welcome. We will feed him without charge," is the sign on the window of a New York restaurant in the theatrical section.

## STOMACH TROUBLES

### Indiana Lady Had Something Like Indigestion Until She Took Black-Draught, Then Got All Right.

Seymour, Ind.—"Some time ago I had a sick spell, something like indigestion," writes Mrs. Clara Peacock, of Route 6, this place. "I would get very sick at the stomach, and spit or vomit, especially in the mornings."

"Then I began the use of Theodor's Black-Draught, after I had tried other medicines. The Black-Draught relieved me more than anything that I took, and I got all right."

"I haven't found anything better than Black-Draught when suffering from trouble caused by constipation. It is easy and sure. Can be taken in small doses or large as the case calls for."

When you have sick stomach, indigestion, headache, constipation, or other disagreeable symptoms, take Black-Draught to help keep your system free from poison.

Theodor's Black-Draught is made from purely vegetable ingredients, acts in a gentle, natural way, and has no bad after-effects. It may be safely taken by young or old.

Get a package of Black-Draught today. Insist on the genuine Theodor's. At your druggist's. NC-143

## HEALTH WEEK TO BE IN DECEMBER, GOVERNOR SAYS

OKLAHOMA CITY, Nov. 22.—Oklahoma health week, from December 4 to 10, has been formally given official significance in a proclamation made public by Governor J. B. A. Robertson calling upon "all citizens of the state to lend their support to the great humanitarian movement of public health."

Much stress was laid on the statement that "three thousand persons in Oklahoma die each year from tuberculosis alone, with 30,000 other active cases uncurd for, constituting a heavy burden on the state and tremendous waste of human life."

The Rotary clubs of the state and the Oklahoma Public Health association are planning to engage actively in stressing the value of the health week to Oklahoma citizens, according to their state officials. The annual Christmas Seal sale of the Public Health association is to be carried on at this time, it was announced.

"The association is dependent entirely upon the proceeds of the tuberculosis Christmas Seal sale, December 1 to 15, for funds necessary to carry on the work of the seventy-six branches in Oklahoma which are voluntarily fighting all forms of ill health," the governor's proclamation says.

Production of tractors in the United States this year is estimated at 315,000.

Christian Science Thanksgiving services will be held at 611 North Broadway at 7:30 p. m. Subject: Thanksgiving. Golden Text: Colossians 4:2. "Continue in prayer, and watch in the same with thanksgiving." All are invited to attend.

### NIGHT PROWLERS 'BORROW' SEDAN; OWNER SEARCHES

Automobile owners reported to officers today that in certain sections of the city unknown persons have been entering their private garages and appropriating cars for use during the night, returning them before daylight.

One case of this kind was reported last night by R. N. Robinson, who lives at 320 West Sixteenth street. Robinson, who is an invalid, said the mysterious "night riders" had borrowed his car without his permission several times at night recently, the last offense being Tuesday night. They always return it with an empty gas tank, he said, and on the recent trip, bent the fenders of his car in returning it to the garage.

Robinson has offered a reward of \$10 for the identification of the person or persons who is taking his car between 8:30 p. m. and 4 a. m. The car is a new Ford sedan and the tag number is 220093. He has had the car only six weeks.

If you suffer from any form of skin disease such as Itch, Eczema, Ringworm, Poison Oak, Old Sores or if your children have some skin trouble, we will sell you a jar of "Blue Star Remedy" on a guarantee that if not satisfied your money will be refunded. Gwin and Mays Drug Co., Ada, Okla.

### Three Injured When Truck Crashes Into Lighter Car Today

Three men were injured, none seriously, in a head on collision between a Ford car and a heavy truck early this morning at a turn in the Ada-Allen road near this city, according to reports from the hospital where the injured men were taken for treatment. Joe Kennedy was driving the truck, but names of the two occupants of the Ford car could not be learned. Only minor bruises were sustained, doctors said.

A heavy fog was the cause of the accident, the truck driver said. He was driving one of the big trucks used in hauling gravel for the hard surface road leading to Allen. When he began turning the corner, the two machines crashed, neither driver being aware of the approach of the other until it was too late to avoid the accident.

The Ford car was ruined, being broken and crushed by the heavily loaded truck. Considerable damage was done to the truck also.

Every day for thirty-eight years Josephus Daniels has written his mother.

### THE YOUNG LADY ACROSS THE WAY

The young lady across the way says neatness counts for a lot and a girl should always be scrupulously primped in her dress.

## IN SOCIETY

### "Springtime."

"Springtime," a fantasy of mirth and music, will be given under the auspices of the junior class of the Teachers College about December 15 at the college auditorium, according to an announcement made today. The production, which will be staged under the personal direction of a professional producer, will be given for the benefit of the junior class.

The leading musical and dramatic talent in Ada is to appear in the various roles and in the dances and choruses.

"Springtime" is a musical production of merit. The libretto, music, costumes, scenic equipment, etc., are the property of John B. Rogers production company, and the show will be produced by a representative of that concern. The scenic equipment is far more elaborate than that usually supplied for the ordinary amateur affair, and for splendid offerings.

The committee is headed by Misses Keller, Jones and Mr. Hugh Norris of the College faculty. Rehearsals will be started next week, it is announced.

\*\*\*

### Thanksgiving Day Services.

In accordance with the President's proclamation, Thursday is designated as Thanksgiving Day. There will be the regular Thanksgiving Day service with sermon at the Episcopal church at 10 a. m.

You are cordially invited to attend our services and give thanks unto Almighty God for the fruits of the field. Sincerely,

Rev. Richard Allen Hatcher.

### CITY MAY WATCH RIDING OF WILD BEAST THURSDAY

Ada is to have a chance to get into the open Thursday and see her recently acquired cowboys show their skill and daring. A wild west show has been planned to begin at the fair grounds soon after the Thanksgiving turkey has been consumed.

Among those already here to take part in the sport are Panhandle Slim, Booger Red sr., Booger Red jr., Oklahoma Mack, Stony Ward, Idaho Curley, and Montana Earl. These are some of the best known riders in the world and expect to thrill the spectators with their daring stunts. Among other things is to be riding the bucking buffalo. No one wants to tackle the job, so they will draw lots to determine which must ride this world famous animal. They have all agreed that the unlucky man will actually attempt to ride him.

Cowboys from other towns and some from Ada who want to try the outlaw horses will be given an opportunity.

### SMALLPOX EPIDEMIC AT OKMULGEE REPORTED

According to a telephone message received in Ada today, there is an epidemic of smallpox raging in Okmulgee, Okla., eleven new cases being reported last night. This report, telephoned to T. E. Cullins by his daughter, Mrs. Leslie Maxey, stated that on account of the seriousness of the situation there she would be unable to spend the Thanksgiving holidays with her parents.

Among the eleven cases reported last night, one was a prominent business man who is said to have become delirious and fired on policemen. Every possible effort to stop the epidemic is being taken, it is understood.

### FARNUM COMING IN A GREAT SEA STORY

At the American theatre Thursday, William Farnum, the noted film star will open an engagement in the Fox production, "When a Man Sees Red." The story is from Larry Evans' sensational hit, "The Painted Lady," published in the Saturday Evening Post. Mr. Farnum has already added materially to his fame as an actor of heroic parts by his work in this photoplay—which has been described as "full of action and fire, rousing the spectator to the highest pitch of excitement." "When a Man Sees Red" although the opening scenes are laid in San Francisco, is really a tale of the South Seas, since the most stirring action occurs in that distant section of the globe. In it Farnum enacts the role of a rover of the sea, who pursues relentlessly a scoundrelly skipper who has caused the death of his beloved sister and mother.

### NEW FABRIC MAKES SMART CAPE SUIT

A new fabric just on the market is called trelaine. It is a woven material on the order of jersey but with a rougher surface. It is ideal for sports and knockabout clothes. This cape suit is fashioned of the new fabric. It is made of a one-piece frock with a short sports cape to match.

### FRANCIS RIVES WINNER IN POPULARITY CONTEST

Stunt night given by the rooms of the Hays ward school last night scored quite a success, according to reports from those in charge and those attending last night. Attendance was larger than expected and each room was required to put on the stunts four different times. All stunts afforded amusement and entertainment for students and patrons who attended.

A total of \$51.63 was taken in. This money, together with \$39.27 received from the popularity contest held last week, will be used for the betterment of the school in buying various articles for the school. Miss Francis Rives, of the seventh grade, won the popularity contest.

### \$275 Damage Results From Early Morning Fire in Shop Today

About \$200 damage to stock and fixtures and \$75 damage to the building resulted from a small fire which broke out in the R. H. Barnes barber shop on East Main street early this morning. The fire was first noticed about 4 o'clock, according to reports from the fire station.

R. W. Simpson owned the building and carried insurance on it. No insurance was carried on the fixtures and stock of the shop. Firemen believe the fire started from a gas burner, which is thought to have been left burning last night when the shop was closed.

### CITY BRIEFS

J. W. Mclester, formerly connected with the advertising department of the News and formerly a teacher at the high school, who has been attending Oklahoma University, was in the city a few hours today meeting friends.

Misses Bernice Roach and Helen Moser, who are students in Tulsa University, arrived in the city today to spend Thanksgiving and the week-end with their parents and other relatives and friends.

The Harris Wall Paper and Paint company is to move into their new home on West Main street soon. The building formerly occupied by the Jackson-Bond furniture company is the new location. It is being remodeled and put in condition to receive a large stock of paints and wall paper.

Darrell Duncan is home from the University of Oklahoma, Norman, to spend Thanksgiving holidays with his parents, Mr. and Mrs. W. B. Duncan of 115 West Eighteenth street.

Stewart Linscheid, accompanied by Bill Mackin, expects to leave today for Prague, Oklahoma, where he will spend Thanksgiving with his grandparents. Mrs. Linscheid also will visit in Prague Thanksgiving.

### CREAM STATION WILL OPEN AT ADA DECEMBER 3

A Watt, field man for Swift & Co., has completed arrangements for a cream station at Ada. It will be located at Coffman-Bobbitt-Sparks hardware store and will be under the management of Otis Floyd.

The station will open for business December 3. Mr. Watt will be here at the time and states that he will test any samples of milk brought in at that time. From such tests the owner of a cow can find whether any particular cow is profitable.

The shark displays great strength when harpooned.

## MARINE FIRES ON BANDIT SUSPECTS

Armed Train Guard Shoots  
at Men Riding Bumpers;  
One Tumbles Off.

(By the Associated Press)

WASHINGTON, Nov. 23.—Washington police were informed today by the Baltimore and Ohio yardmaster here that a marine mail guard had fired through the door of a mail car at three men riding on the bumpers of the car and that one of the three was seen to jump off. No trace of any of the men had been found at noon today by police, however.

The three men were discovered soon after the train left the station here, the yardmaster reported. Postal Inspector Craighead at Pittsburgh advised the postoffice department, however, that the mail clerk in charge of the train reported two men had been killed and another captured by the marine guard and taken to Pittsburgh. No further details were given by the department.

### One Suspect Captured.

PITTSBURGH, Pa., Nov. 23.—Private Wasserman, United States Marine corps, guarding Baltimore and Ohio mail train No. 9 from Washington to Pittsburgh near Washington Junction, Md., discovered two men at the door of the mail car. He fired on them with his shot gun. One man dropped off the train and the other swung out on the hand rail of the car. He later was captured and brought to jail here.

According to Captain Hadry, commanding the postal guard in the Pittsburgh district, Private Wasserman reported to him that soon after the train left Washington that one of the mail cars, he gained an advantageous position and swept the top of the car with fire but did not know whether he had scored a hit as the car was in motion. A little later, said Captain Hadry, Wasserman saw two men on the platform of one of the mail cars and he asked one of the clerks to open the door. This he did and Private Wasserman fired. One of the men disappeared and the other swung himself out from the platform and clung to the hand bars on the side of the car. The marine went after him and brought him uninjured into the car. He was brought to Pittsburgh with the train and turned over to authorities.

Deny Robbery Report.  
BALTIMORE, Nov. 23.—Operating officers at the executive offices of the Baltimore and Ohio railroad denied reports that mail train No. 9, westbound, which was due at Washington Junction last midnight, had been attacked by robbers.

They said they would have been notified instantly of any such occurrence and an inquiry of the telegraph operator at Washington Junction, made upon the report being brought to their attention, brought the reply that he knew nothing of such an occurrence.

### Too Late To Classify

FOR RENT—Light housekeeping rooms. 566 East 12th St. 11-23-3t\*

FOUND—Fur scarf; owner may get same at Dunlap's by describing and paying for ad. 11-23-1td\*

### In The Oil Fields

Nance Well.  
The Nance well in section 4-4-5 is pumping 75 barrels a day since the gas engine was installed and put to work. The cost of operations is very small, and the gas for operating the engine is also obtained from the well, it coming between the smallest casing and the tubing. The well is considered good pay, as the grade of oil ought to bring a premium on the market.

Transcontinental.  
The Transcontinental well at Maxwell is having casing trouble.

Doan Well.  
The Doan people near the Galey schoolhouse are repairing the rig. This hole is around 2,200 feet.

### HISAW GETS TURKEY AT STANFIELD'S GROCERY

J. F. Hisaw was the successful guesser of the weight of the Turkey in Stanfield's guessing contest and took home with him this Thanksgiving bird. The weight was 13 1-4 pounds. Several guessed the correct weight, but Mr. Hisaw was the first.

### SENATE WILL FINISH ELECTION ARGUMENT SOON

(By the Associated Press)  
WASHINGTON, Nov. 23.—The senate today agreed to dispose of the Ford-Newberry senatorial election case in January. The agreement was unanimous consent, provided that the election case shall be considered to the exclusion of all else on the fourth calendar day, on which the senate is in session after January 1, and to limit debates after two days general discussion.

Inoculating dogs instead of persons to prevent rabies is a custom among the Japanese. Instead of the usual methods of killing mad dogs, Japanese medical experts advocate inoculation of all dogs.

Miss Lilla McKendree, who is attending the University of Oklahoma at Norman is expected home tonight to be with her parents over the holidays and week end.

# FORTY PER CENT OF THE PEOPLE OF AMERICA HALF SICK HE STATES

John Pomeroy, Noted New Zealand Scientist, Says American People Treat Their Stomachs With Too Little Respect.

Forty per cent of the people of America are half-sick and fully ninety per cent of these can attribute their sufferings to stomach troubles. Such are the main points in Pomeroy's new theory which has stirred Nashville, Memphis and other American cities where he has visited during the past few weeks. "This is due to modern conditions," he explained in Memphis recently.

"These people," he went on, "have run-down, overworked digestive organs, owing to too little exercise in the fresh air and too much hastily eaten food. It isn't kidney trouble, or nervousness, or liver complaint, or dozens of other diseases invented by their imaginations."

"One man called on me last week and started our conversation by saying: 'My stomach is on the bum.' I could think of a more elegant way to describe the condition of modern Americans, but none more accurate or inexpressive. These half-sick people today have digestive

organs that are 'on the bum.' "Sometimes when I see on the street a tired looking man or woman, with dull eyes and sallow complexion, I feel like saying: 'Say, I know what's the matter with you, I can help you if you will do as I tell you.'"

"A sound digestive apparatus that is doing its full duty in getting every particle of vitality out of the food is what makes good health. Only keep the stomach in condition and there is likely to be but little sickness."

"It is the American tendency to treat the stomach with too little respect. Most people stuff themselves with too much food, and then when the digestive organs get out of order, are half-sick all the time, and don't know what is the matter with them. My medicine, Puratone, restores misused or 'out of whack' stomachs to normal condition and destroys chronic constipation. Thousands of people say that this is the reason for my big success and explains why I am now attracting such an unusual amount of attention all over this state."

Puratone is sold in Ada by Gwin & Mays Drug Co. (adv)

## We are Thankful

That we are alive!  
That we live in the good old U. S. A.  
That this is not Mexico!  
That this is not any part of Europe!  
That we still have hopes of good streets!  
That we still have hopes of good roads!  
That we still have the best oil field in the state!

"LISTEN IRENE" PROVES POPULAR ENTERTAINMENT

"Listen Irene" provided a delightful evening at the McSwain Tuesday night. Nyra Brown, as Irene, was the most popular individual on the stage and is a talented singer. Running her a close second for popular approval was Johnnie Getz as the Prince Bonniky.

The male quartette, consisting of Ace Wingfield, Elwood Brown, Harry Brown and Johnnie Getz provided a musical treat in the second act.

There was no story to the play worth talking about, but a story was not needed. Humor and singing were blended in a happy combination and in such a way as to keep the audience well entertained until the last curtain went down.

Let a News Want Ad get it.

**Mine Headquarters Stay at Muskogee New Ballot Shows**

PORT SMITH, Ark., Nov. 23.—The headquarters of district No. 21 of the United Mine Workers of America will remain in Muskogee, until it becomes practicable to build a permanent home in Ft. Smith, was the decision by the members in the referendum vote last fall.

The decision was recognized by the delegates to the regular annual convention of the mine workers yesterday afternoon after a lengthy argument on a resolution demanding the removal of the office within 80 days.

Notice of Sale of Oil and Gas Lease, State of Oklahoma, County of Pontotoc—ss.

In the County Court Probate 2188

Notice is hereby given in pursuance of an order of the County Court of Pontotoc County, State of Oklahoma, made and entered on the 21st day of November, 1921, the undersigned guardian will offer for sale and sell at public auction to the highest and best bidder an oil and gas mining lease on Saturday, the 26th day of November, 1921, at 10 o'clock A. M. the following described lands situated in Pontotoc County, State of Oklahoma, to-wit:

The NE-4 and the E-2 (E half) of the NW-4; and the NE-4 of the NW-4 of the NW-4 of Section Twenty, Township four north, range six east, containing 250 acres.

Said oil and gas lease will be sold on the following terms and conditions, to-wit: For a cash bonus of not less than \$1.00 per acre, one-eighth of the oil and \$250.00 per year for each gas well.

Said sale to be held in the County Court room of Pontotoc county, Oklahoma, at the time above stated.

Dated this 21st day of November, 1921. W. M. ANDERSON, 11-22-2td Guardian.

Notice by Publication, State of Oklahoma, ss. County of Pontotoc, ss. IN THE COUNTY COURT No. 1706

In the matter of the guardianship of Roy and Charlie Johnson, minors; Eugenia Johnson, guardian.

To the next kin and all persons interested in said estate, greeting:

You are hereby notified that Eugenia Johnson, the duly qualified and acting guardian of the said minors, has filed in said court a petition praying the court for an order authorizing said guardian to execute notes and mortgages on behalf of said minors in the total sum of \$1,200.00 mortgaging lands belonging to said minors, hereinafter described, for the purpose of paying off a prior mortgage against said land together with the usual reasonable expense, as may be incident to perfecting such new mortgage.

You are further notified that Friday, November 25, 1921, at the hour of 10 o'clock in the forenoon, has been appointed by the court for the hearing of said petition at which time you and each of you are required to be present and show cause, if any you have, why said petition should not be granted.

The land sought to be mortgaged in said petition is situated in Pontotoc county, Oklahoma and is described as follows, to-wit:

All of Lot Four (4) and the Southeast Quarter of the Southwest quarter and the Southwest quarter of the Southeast quarter of Section 19, Township Five North, Range Seven East, containing 119.93 acres more or less.

(Seal) L. E. Franklin, court clerk. 11-10-3t

NOTICE OF TRUSTEES SALE. To Whom it May Concern:

Notice is hereby given that pursuant to authority conferred upon me by a certain assignment and bill of sale made by Gillum Mercantile company for the benefit of its unsecured creditors, dated Nov. 18, 1921, I will offer for sale and sell to the highest bidder for cash, the complete stock of dry goods, groceries, hardware and fixtures of the Gillum Mercantile company, located and situated in the Town of Allen, Pontotoc county, Oklahoma, on Tuesday the 29th day of November, 1921, at 2:00 o'clock p. m.

Said stock may be sold in bulk, or in separate lots, as the best interests of the creditors may appear. Here is a chance to buy something below cost. Come see what you want. A great bargain for some one.

For further information, write or see THOMAS P. HOLT, Trustee Ada, Oklahoma

A message from Dr. M. L. Lewis from Dallas today states that he is doing well and that the operation performed on him several days ago was entirely successful. He expects to be in Ada to resume practice within a very short time.

## RUSSIAN OIL FIELDS MAY CEASE FLOWING

BAKU, Azerbaijan, Nov. 22.—(By a Staff Correspondent of The Associated Press)—Within six months the oil fields, lying within a few miles of the city and once counted among the richest petroleum wells in the world, will have ceased to produce, according to expert opinion, unless new machinery and better and more workmen are obtained.

This condition is acutely realized by the local Azerbaijan government which is controlled by Moscow. If the oil is not forthcoming, this will mean the stopping of the oil-burning steamers of the Caspian Sea, several hundred in number, the 1,000 or more tugboats and steamers of the Volga still in repair and the oil-burning locomotives of the entire railway system of greater Russia.

Efforts are being made to obtain machinery, possibly from the United States, by M. Serabrovsky, a trained engineer and now general director of the oil fields, and also to induce workmen to work.

The pre-war production averaged annually about 18,000,000,000 pounds of crude petroleum, and this year it will run about 5,000,000,000 at best. There have been but a few new wells this year and the old ones function slowly. The opening up of the pipe line to Batum for foreign export is out of the question, as there is not enough oil and Russia consumes much of the present supply, herself.

The general cause given for this condition is described by competent oil engineers, long on the field, as the "gangrene" of Soviet control. "Whatever the Communists touch seems to go to rot," declared one engineer. "It seems like a fatality and the worst of it is that no amount of new machinery here will remedy the situation. New machinery would be broken up by incompetent, underfed workmen just as the old machinery has been."

This is a rather gloomy view taken by an anti-Bolshevik. The oil fields began to slow down four years ago. The present Moscow rule has severely suffered from the sins of its predecessors here. It is feared there will be much difficulty in buying new machinery this winter, though the Azerbaijan government has a commercial mission at Constantinople that may go to the United States to get capital or credits for the machinery.

When the kidneys are ailing, use Prickly Ash Bitters. It is a fine kidney tonic. Relieves backache, bladder troubles, indigestion and constipation. Men of advanced years get great relief from its use. Price \$1.25 per bottle. Sold by Gwin & Mays, (adv)

## CREAM CLEARS A STUFFED UP HEAD

Instantly Opens Every Air Passage—Clears Throat.

If your nostrils are clogged and your head is stuffed because of nasty catarrh or a cold, apply a little pure, antiseptic cream into your nostrils. It penetrates through every air passage, soothing and healing swollen, inflamed membranes and you get instant relief. Try this. Get a small bottle of Ely's Cream Balm at any drug store. Your clogged nostrils open right up; your head is clear; no more hawking or snuffling. County fifty. All the stuffiness, dryness, struggling for breath is gone. You feel fine. adv

## DIPLOMATIC RELATIONS WITH GERMANY RESUMED

(By the Associated Press) PARIS, Nov. 23.—Diplomatic relations between the American and German embassy here which were broken off in 1917 were re-established yesterday afternoon when Ambassador Herrick made a formal call on the former German ambassador. The latter will probably return the visit before the end of the week.

Sumatra furnished the record spider to the world. It was captured recently. Its body was nine inches in circumference and its legs seventeen inches long.

# Thanksgiving Day

¶ We give this day to prayer, to joy and thankfulness—that the peoples of all nations are at last willing to bury petty jealousies and prejudices.

¶ God grant the big men of each nation wisdom in pointing the way so that we may from henceforth love, help and enjoy one another—all shoulders together that we may push forward in prosperity and happiness—forever turning from our sufferings of the dark past.

## HOUSEHOLD HINTS

By MRS. MORTON

### MENU HINT

Breakfast.

Orange Juice.

Oatmeal. French Toast.

Coffee.

Luncheon.

Meat Puffs.

Lettuce with French Dressing.

Bread Pudding. Tea.

Dinner.

Pork Chops. Fried Apples.

Mashed Potatoes.

Creamed Turnips.

Orange and Coconut Salad

Prune Pudding.

Receipts for a Day.

**MEAT PUFFS.**—Chop any kind of leftover meat very fine, enough to fill one cup. Fry a sliced onion in a little butter, and when done add it to the meat with salt, pepper and one teaspoon sugar. Make a batter of one cup flour, one teaspoon baking powder, one saltspoon salt, one beaten egg and one and one-half cups milk and water mixed. Beat the batter smooth, stir in the meat and by spoonfuls into hot fat. Fry quickly a delicate brown, and serve with one teaspoon currant jelly on top of each puff.

**Creamed Turnips.**—Two cups of cooked diced yellow turnips, two tablespoons butter substitute, two tablespoons flour, one cup milk, one teaspoon salt, one-eighth teaspoon pepper, one-quarter cup chopped parsley.

Wash small yellow turnips, peel, dice, and cook in boiling salted water about fifteen minutes. When tender, drain carefully and put in a hot dish. Melt butter, add flour, salt and pepper. When well mixed add milk slowly, stirring constantly. Cook until the mixture thickens, add parsley and pour over the turnips.

**Bread Pudding.**—Moisten slices of stale bread in milk. Then cut in dice, put a layer in a well buttered

baking dish, cover with a few seeded raisins, one tablespoon sugar, one layer chopped marshmallows and a grating of nutmeg. Continue the layers until the dish is full, then add three eggs beaten into one cup milk. Bake until the pudding is set.

**Glazed Sweet Potatoes.**—Boil sweet potatoes after paring. Cut in slices lengthwise. Put in a well-greased pan and brush over with two tablespoons melted fat, one-fourth cup corn syrup and one-half cup hot water. Bake in a hot oven until brown, basting with the syrup mixture once during the baking. Serving very hot in dish in which they are baked.

### Suggestions.

Nearly all gas plates and many gas stoves have no trap underneath the burners. A tray to catch the dirt and roppings is quite a necessity. One can be made and attached either by the tinner or by the handy man about the house. A tray of galvanized iron may be cut to fit underneath the burners of your stove and a small edge about the trap turned up on the four sides. The tray may be kept in place by two small shelves of strip galvanized iron, one on each side of the stove. There are many ways of fastening the trap—this point is immaterial, but do have the tray. Its cost is little and the convenience great.

Keep the stocking legs with wornout feet; sew the two legs together; put three drops of good furniture polish upon them; roll up tightly for a few days; shake out and use as a dustless duster. It will be an excellent one. After each weekly cleaning, wash the duster, dry, put oil on, roll up and use for the next cleaning. Your furniture will respond to such care.

### Little Girl Chilled for Three Years— Mendenhall's Chill and Fever Tonic Only Cure

Ingraham, Ill., July 31, 1914. J. C. Mendenhall, Evansville, Ind. Dear Sir:—Is your chill tonic sold here? Seven years ago I was in Missouri. My little girl had chilled for over three years. I had doctored her all the time but could not get them broke. We got a bottle of Mendenhall's Chill Tonic from the druggist that broke them and she has not chilled since. Now I have

a friend that has a child that has had chills for eighteen months. She can't get them broke and wants this medicine. If I can not get it near here will send to you.—Mrs. Ida Stanley. Users please note Mendenhall's Chill Tonic outsells all other chill tonics combined where introduced. Sold by Gwin & Mays Drug company. (adv)

### WOULD LIKE SECRET FOR LOOKING WELL

"Two weeks ago I weighed 95 lbs. Now I weigh 105 lbs. and feel perfectly well. Anyone I see suffering I tell them of what May's Wonderful Remedy has done for me. They all want to know what makes me look so well. Your medicine has also been a real life-saver for my mother. I cannot recommend it too highly for stomach trouble." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold by Gwin & Mays and druggists everywhere. (adv)

### ADVISORY COUNCIL OF ADA LEADERS PLANNED

An advisory council of leaders in Ada's business, financial and civic interests is being selected by the Chamber of Commerce to assist in the making of plans for the big community organization movement which is getting under way in Ada this week.

The first meeting of this council which will be selected by the board of directors at a meeting tonight, will be held Friday evening, Nov. 25, at 8 o'clock at the Chamber of Commerce rooms, headquarters of the movement.

The aim and proposed method of the movement to "hitch Ada to its possibilities" will be explained at this meeting by President Bailey Bobbitt and J. B. Price of the Bureau of Organization Service which has been retained by the Chamber to supervise the work.

Everybody in Ada believes that Ada is a city with great possibilities both in its people and in its natural resources with which nature has been remarkably lavish. To develop these possibilities through the co-operative effort of its people is the plan of the new movement. This, in substance, is the explanation of the Chamber of Commerce directors concerning the object of this community undertaking.

But it is to be Ada's undertaking, not merely the Chamber of Commerce's. This is the reason for the appointment of an advisory council. The meeting of many minds on Ada's problems will begin that community co-operation which is the hope of any city.

Plans for the coming month's activities will be worked out at the Friday night meeting of the advisory council which it is expected will be the touch-off for a civic awakening of a very lively kind.

### Jury Called Back.

**ARDMORE, Nov. 23.**—The jury in the case of Ernest Ford, charged with assault with intent to kill Mrs. George Casey, which has been out since 6:30 last night, was recalled by District Judge B. C. Logsdon this morning for further instructions.

### MINE INSPECTOR PLAYED IN MEET

Delegates in Convention at  
Fort Smith Open Attack  
On Ed Boyle.

(By the Associated Press.)

**FT. SMITH, Ark., Nov. 23.**—Ed Boyle, chief mine inspector of Oklahoma, was openly attacked today during the session of the annual convention of district No. 21, united mine workers of America, in resolutions adopted by the delegates.

The convention adopted a resolution expressing appreciation to Millard Hay, of Muskogee, deputy mine inspector in Oklahoma, for support during the last legislature, and declared the chief inspector rendered no assistance to the miners.

Other resolutions adopted were: Favoring a law to prevent eviction of miners from their homes during strikes or otherwise.

Requiring officials of the organization to counsel with pit committees before seeing committees on disputes, with a \$50 penalty for violation; resolution defeated.

Demanding coal companies to carry liability insurance. Committee reports substituting that legislation to that effect be pressed and that effort be made to write provisions into the next contracts; reports adopted.

Urging extension of mine inspection to metal miners in Arkansas; and appointment of three deputies; committee report substituting provisions for one additional coal mine inspector; report adopted.

Lend assistance to powder works by requesting that union-made powder be furnished in mines; report adopted.

### HENRYETTA KLAN SENDS MONEY TO OFFICER'S WIDOW

(By the Associated Press.)

**HENRYETTA, Nov. 22.**—A letter containing \$300 in currency was mailed to the editor of a local paper today by the Knights of Ku Klux Klan with instructions to the editor to use the money in paying off a \$300 mortgage on the home of Mrs. Joe Clay, widow of the murdered constable, who met his death while attempting to make an arrest at Pleasant Valley, a village near here, last Wednesday night.

The Klan also sent a wreath of flowers, with the Henryetta Klan number and the emblem of the fiery cross, to the home before the funeral of the dead man last week. This is the first public appearance in any way of the Klan here. The letter also contained a copy of the resolutions passed by the Klan, bearing the seal of the organization.

After two years of inactivity, Valentine Geyser in Yellowstone National Park now spouts twice weekly in the Norris Geyser basin.

## FIERY ITCHY SKIN QUICKLY SOOTHED WITH SULPHUR

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples or is rough or dry. Nothing subdues fiery skin eruptions so quickly, says a noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up.

A small jar of Mentho-Sulphur may be had at any good drug store. (adv)

### DEPOSED MINERS ASK CONFERENCE IN CONTROVERSY

**FORT SMITH, Ark., Nov. 23.**—A conference to discuss a settlement of the Kansas mine controversy on the basis suggested by district 21, Oklahoma, Arkansas and Texas convention, now in session here, was the request today by the deposed Kansas district board members in a telegram received by John Wilkinson, president of district 21. President Wilkinson, in his reply, suggested that the deposed Kansas board and the district board of the Illinois miners, who have been supporting the Kansas district, meet with him and the officers of the international union at Indianapolis next week.

District 21 convention, which the Kansas board in its telegram to Wilkinson says it can accept in the main, pledged the district's support to the re-establishment of the Kansas organization and the restoration of its officers and members on the condition that the miners return to work in accordance with the contract and order of the international convention and that the fight on the Kansas industrial court law be conducted under the direction of attorneys employed by the international union.

### OLD GERMAN FORT TO BE TORN DOWN BY NEXT SPRING

(By the Associated Press.)

**LONDON, Nov. 23.**—The great German fortress of Heligoland probably will be completely demolished by next April. Its demolition has been in progress for two years under the supervision of an international commission headed by Admiral Sir Edward Charlton, who is said to be satisfied that the island fortress can never again be a menace to the Allies.

When the work of destruction is complete, it will be inspected by the commission and then the island is to be handed back to Germany, under the provisions of the Peace Treaty.

The commissions have taken nothing for granted but naval officers have watched the great guns cut into pieces and have demanded that the scrap metal be produced when the Germans reported that they had destroyed cartridges, cases, fuses, etc. Besides, they have personally watched the burning of vast stores of explosives. It is understood that Admiral Charlton is satisfied that very little in the way of warlike stores can have been concealed by the Germans.

The gun emplacements and harbor works have been destroyed and batteries of howitzers and aircraft guns demolished.

To make certain that Heligoland can not again be utilized as a site upon which to build a harbor for warships, the commission has placed blocks of stone and concrete about the bed of the harbor so that dredging will not be possible. Eventually it is believed the harbor will be destroyed by the sea.

### SENATORS START FURIOUS WAR IN ARGUMENT TODAY

**WASHINGTON, Nov. 22.**—Disorder marked the beginning today of the senate's consideration of the conference's report of the tax bill, the climax being reached in the unusual procedure of expurgating senatorial remarks from the record.

The words stricken out were contained in a verbal clash between Senators Penrose, republican, Pennsylvania, and Hefflin, democrat, of Alabama, in which Mr. Penrose referred to the "blackguardness of the state." Mr. Hefflin took him to task for his words, charging that Mr. Penrose's statement was the work of four interests.

MRS. MARY WILHELM  
Pittsburgh, Pa.

"No matter what I should say about Tanlac, it wouldn't be half good enough," said Mrs. Mary Wilhelm, 716 Mint Way, South Side, Pittsburgh, Pa.

"I never dreamed it possible for a medicine to restore me to the splendid health I now enjoy. In fact I had almost resigned myself to being an invalid, as I could see I was losing weight and strength every day, and no relief was in sight. For three years stomach trouble, headaches and nervousness made my life miserable."

"The first bottle of Tanlac acted almost like magic and it wasn't long until I was so well and strong that I could hardly realize I had ever known a sick day. I am like a different person in every way now, eating, sleeping, feeling and looking better than in years."

Tanlac is sold in Ada by M. A. Waits and all leading druggists. (adv)

The U. S. S. Pecos is capable of supplying fuel oil to four vessels at the same time, while moving at sea. Two vessels can be bunkered from the stern and two from the sides.
